

MICHAEL POLLOCK

<http://members.cox.net/mrpollock>

Mike Pollock leads a unique music group from Omaha, Nebraska specializing in a variety of genres and styles. Playing an eclectic mix of island tunes, jazz standards, rock hits, Cajun beats, classical arrangements, and much more; they are perfect for many different functions and can cater to any event's needs. Using anywhere from 1-5 musicians depending on the venue, they are sure to entertain for your next event.

Fees and Services

We offer many different configurations to suit any crowd and any event. We can provide everything from a single vibe/percussion soloist all the way up to a full quintet. Other instruments can include piano, guitar, bass, drums/percussion, saxophone, trumpet, and more. Our percussion/guitar duo is an extremely popular hit for many different functions. The duo uses guitar, vibes, marimba, steel pan, and percussion in many different and unique ways. Often times, augmented by electronic percussion and loop pedals, two musicians give the appearance that many more musicians are playing; all the while compact enough to fit anywhere. The quintet on the other hand is a much fuller, energetic sound for larger parties. Jazz 'n the Pan offers one of a kind musical entertainment for many different functions and/or concerts. Fees are always negotiable depending on the circumstances – length, location, purpose. Please call for a price check. As members of the American Federation of Musicians Local 70-558 we do require (and provide) a contract so both parties can be assured of their commitment.
